

FACEPLATES

Networking Faceplates & Accessories

Introducing our range of faceplates, back boxes, blanking plates, modules and crimp tools.

All our networking faceplates are designed to the UK standard sizes:

Single Gang: 85mm x 85mm

Double Gang: 145mm x 85mm

The modules can be connected using our IDC punch down tool (NLCN-316) which will also install wires easily in a telephone socket and patch panel. The tool includes:

- Integrated, spring loaded blade cuts off excess automatically
- Small hook to remove any existing wires from socket
- Small blade to cut and strip wires to a desired length

CODE	DESCRIPTION	IMAGE
